Objective Seeking a challenging but rewarding position in a stimulating professional and collaborative environment.

Knowledge/Skills
Software: Illustrator CS5, Photoshop CS5, InDesign CS5, Acrobat, Bridge, Microsoft Office
Additional skills: Illustration, digital photography, photo retouching, prepress operations, typography, Mac and PC fluency

Work Experience
Photographer, Independent Contractor at Western Edition Newspapers
San Francisco, CA
May 2011—present
Receive photography assignment and discuss guidelines with the editor and writer. Preliminary research is followed by making the photography and writing the captions for each image which is then provided to the editor through an FTP site.

Photo Retoucher, Independent Contractor at Whole System Inc
San Leandro, CA
September 2008—present
Received and sent photography via FTP to be retouched, digitally packaged, and uploaded to client websites.

Freelance Graphic Artist
San Francisco, CA
June 2008—present
Created and optimized visually driven communications for print and web media. Managed business operations including production schedules, project specifications, and contract negotiations.
